

**GENERAL SCHOOL ADMINISTRATION**

**CODE: CGD**  
**POLICY**

**STATE AND FEDERAL PROGRAMS ADMINISTRATIONS**

This district operates many specially funded programs which must be administered in accordance with particular federal and/or state laws and conditions of the grants.

The board of trustees, through its approval of such programs and acceptance of funds, is ultimately responsible for them even though many of the regulations which govern them are established by another agency.

The administrative assistant for federal and state programs is charged with the responsibility for coordinating funded projects, for administration of grants, and for ensuring that the various departments which operate these programs do so within the guidelines pertaining to the particular program.
