

## **SUPPORT SERVICES**

**CODE: ECA**  
**POLICY**

### **SECURITY**

Security means keeping buildings locked and secure, and providing protection from fire hazards and faulty equipment and the safe use of electrical, plumbing and heating equipment.

#### **Building Inspection:**

Buildings will be inspected regularly by principals.

#### **Key Control System:**

The principal of each building will be responsible for issuing keys and maintaining an accurate up-to-date list in the school office of all people who have been issued keys.

No person other than the principal will have a key to a public school facility duplicated.

#### **Identification and the Right to Eject**

School personnel may require identification of any person on school property. The principal, or his designee, may refuse to allow persons with no legitimate business to enter school grounds or may eject any undesirable person from school grounds if that person refuses to leave peacefully upon request.

Persons who violate state law regarding trespass on school grounds or damage to school property, or loitering will be subject to the full range of the criminal laws of the state.

### **NEW POLICY**

**ADOPTION DATE: MARCH 12, 1996**

**REVIEW DATE: OCTOBER 10, 2012**
